

NSU HEALTH INSURANCE POLICY AND WAIVER

Nova Southeastern University requires that all students enrolled in the Health Professions Division carry adequate medical and hospital insurance. It is strongly suggested that students and their families take advantage of the insurance plan obtainable through the University.

Students will automatically be billed on their tuition for NSU health insurance but may waive this insurance by completing the proper waiver form.

Additional information regarding the NSU health insurance plan, **including the waiver form** for students who did not wish to be enrolled in NSU medical coverage, can be found at:

<https://www.nova.edu/sbin/insurance/waiver>

If you don't complete the waiver, you will automatically be enrolled and charged for tuition.

Any questions regarding the billing process for the NSU health insurance should be directed to Marcella at (954) 262-4055.
